

CARATTERISTICHE STRUTTURALI

▶ STRUTTURA

Il rivestimento è realizzato in mdf isolante supportato da un profilo grezzo sul lato inferiore ed in lega leggera sul lato superiore.

▶ FINITURA LEGNO

Il pannello di rivestimento in acciaio è sottoposto a finitura finto legno tipo "Renolit".

▶ LACCATURA

Il pannello di rivestimento è sottoposto a laccatura uniformante. La finitura è del tipo "opaca".

▶ IMBALLO PER RIVESTIMENTI SFUSI

Il pannello di rivestimento viene imballato con cartone ad alta resistenza, protezioni in polistirolo lungo il perimetro e angolari paraspigoli in plastica antiurto.

STRUCTURAL FEATURES

▶ STRUCTURE

The panelling is made of insulating MDF supported by a rough profile on the lower side and by a light alloy on the upper side.

▶ WOOD FINISH

The panelling undergoes a "Renolit" type faux wood finishing.

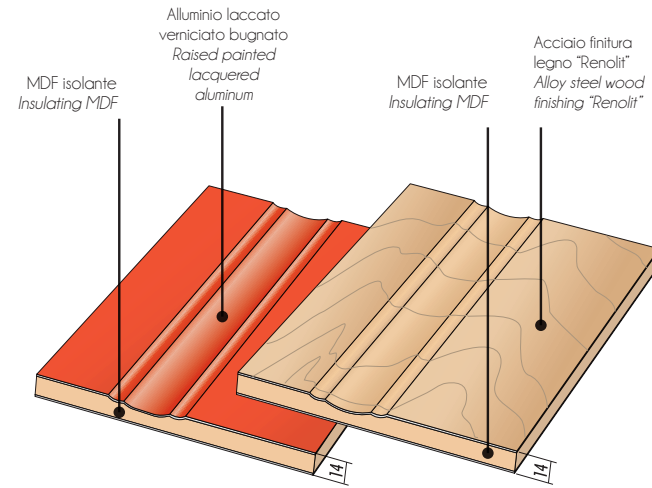

▶ LACQUERING

The panelling undergoes an evening lacquering. The finish is matt.

▶ PACKAGING FOR BULK PANELLING

The panelling is packed with high resistance cardboard, polystyrene protections along the perimeter and corner protectors in shockproof plastic.

Alluminio laccato | Acciaio plastificato Renolit | Serie E 14 mm
Lacquered aluminum | Renolit plasticized steel | Series E 14 mm

Pannelli costituiti da un doppio foglio in alluminio e da un'intercapedine in MDF speciale. Adatti per l'esterno, vantano una struttura compatta e resistente, caratterizzata da una notevole durata nel tempo. Disponibile in numerosi colori RAL e finiture Renolit tinto legno.

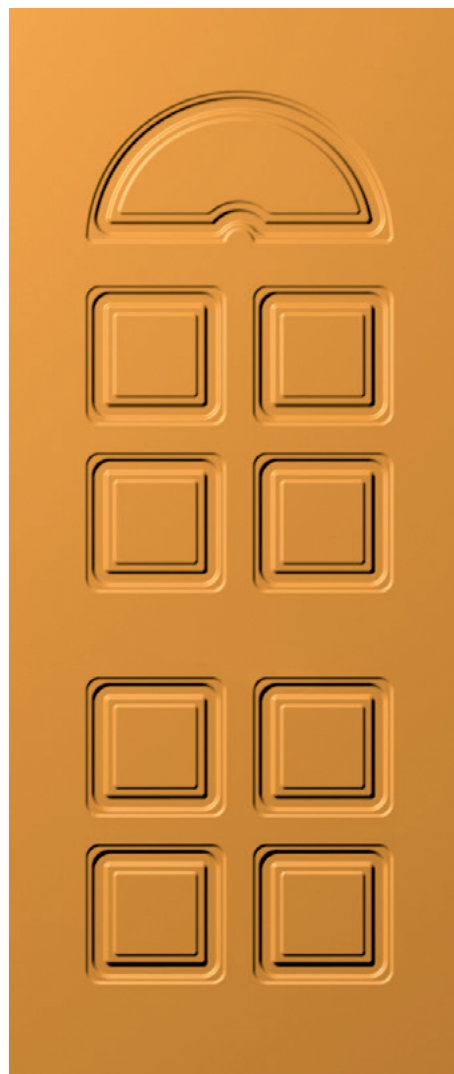

Panels made out of a double aluminum sheet and an interspace in special MDF. Suitable for the exterior, they boast a compact and resistant structure, offering remarkable duration in time. Available in numerous RAL colors and wood-stained Renolit finishes.
